

Children's Peace Home (CPH)

A Humble Appeal

Children's Peace Home (CPH) is a non-profit charitable organization based in Dang, western Nepal. For the past **33 years**, CPH has been dedicated to caring for orphaned, war-affected, destitute, and homeless children by providing them with **free education, nutritious food, safe accommodation, and a loving family environment**.

Many of the children come to CPH after losing one or both parents, from families living in extreme poverty, or from widowed mothers who are unable to provide for their children's education and daily needs. At CPH, every child is welcomed into a safe and caring home where they receive nutritious meals, shelter, education, healthcare, emotional support, and opportunities to maintain relationships with their relatives whenever possible.

All children attend **Hindu Vidyapeeth–Nepal School**, where they complete their education up to Grade 10. Whenever possible, CPH continues to support them through higher secondary (+2) and bachelor's degree programs. Over the years, many former residents have become independent and successful professionals, including teachers, managers, government officers, and skilled workers who now contribute positively to society.

In addition to the main home, CPH also operates as a Transit Home for lost, abandoned, and street children. With the support of local government and police, these children are brought to CPH for temporary care. The main goal of this program is to reintegrate the children with their families or close relatives, providing them with a stable and loving environment to grow up in.

Our Support

CPH is sustained through the generosity of charitable organizations, support from municipality (only supports the children referred by them), friends, families, and individual donors in Nepal and around the world. **HVP UK** has been one of our major long-term supporters.

For many years, CPH also benefited greatly from international volunteers from the **United Kingdom, the United States, Australia and several other countries**. Their service, fundraising, and friendship made a significant difference in the lives of our children. Unfortunately, following the COVID-19 pandemic, international volunteer visits have largely ceased, resulting in the loss of another important source of support.

Annual Operating Expenses

Total Annual Budget: NPR 4,792,470 (USD 31,455)

Expense Category	Annual Cost (NPR)
School Fees (In total)	2,192,470 (USD 14,374)
• HVP School Students	1,737,470 (USD 11,391)
• +2 and Bachelor's Students	455,000 (USD 3,010)
Educational Materials & Learning Expenses	500,000 (USD 3,308)
Food, Accommodation & Daily Living	1,800,000 (USD 11,908)
Miscellaneous & Administration	300,000 (USD 1,985)

Children's Peace Home (CPH) currently receives approximately NPR 27 lakh per year through the generous support of HVP-UK, the local municipal office, friends and family in the USA, Australia, and other countries, along with small donations from local well-wishers.

While this support is deeply appreciated, it is not sufficient to meet the annual operating costs of the Home. To continue serving children without interruption and to maintain the quality of care they deserve, **CPH still requires an additional NPR 20 lakh in donations each year.**

Hindu Vidyapeeth's Support

HVP is also supporting other children by giving scholarship worth 27 Lakh (USD 17,859) annually, under different program and criteria. The support from CPH (school fee) is also helping HVP to sustain and operate continuously.

Our Current Challenge

Over the past year, several of our long-standing funding sources have come to an end, placing CPH under significant financial pressure. As a result, we are struggling to meet even the basic school fees and daily living expenses for the children in our care.

At the same time, this year has brought a large number of new admissions. Every new child represents a life in need of safety, care, and opportunity. Despite our financial difficulties, **we have never turned away a child simply because we lacked funds**. We believe every child deserves a chance to learn, grow, and build a brighter future.

Today, we urgently need your support.
